Reasons For Allowance

1. The following is a statement of reasons for the indication of allowable subject matter:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest a tubular punch means has a sharp end portion which is in a hollow cylinder form, where the tubular punch means is slidably disposed within a second bore, where a stabilizer means disposed within a first bore and in contact with the tubular punch means, and where an adjustment screw comprises a head portion, a threaded outer surface that is disposed within the first bore such that its threaded outer surface is in effective mechanical contact with the inner surface within a main body, where the adjustment screw is disposed to be in selectively contactable with the tubular punch means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The application having been allowed, formal drawings are required in response to this Office Action.
